S2: validation on 323 instrument Most variability low trends are time middle -Most variability high trends are time ending -Most trends are time middle -Most dynamics decreasing trends are dynamics decreasing 
Most dynamics increasing trends are duration long 
Most dynamics decreasing trends are variability high 
Most dynamics decreasing trends are time middle label good Most dynamics decreasing trends are time middle -Most dynamics decreasing trends are duration long -Most dynamics constant trends are time middle -Most duration short trends are time middle -0.75 0.00 0.25 0.50 1.00 degree of true
